Newly Submitted Claims 41-60 contain plural species and are subject to an election requirement as follows:

This application contains claims directed to the following patentably distinct species:

- species of claims 42,43,44 drawn to a purchase processing steps;
- species of claim 51 drawn to a notification messaging step;
- species of claim 54 drawn to a buyer availability step;
- species of claim 55 drawn to a when leaving a venue step;
- species of claim 57 drawn to a ticket availability message;
- species of claim 60 drawn to a ticket resale step/second show sale step.

Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, claims 45-50,52,53,56,58,59 are generic.

Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which depend from or otherwise require all the limitations

Art Unit: 3627

of an allowable generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species. MPEP § 809.02(a).
